### **Personal Statement**

A Master of Engineering graduate from the University of London seeks an opportunity to pursue an engineering career in Zambia. Combines excellent academic qualifications with outstanding communication and problem-solving skills.

### **Educational Achievements**

#### **2010 – 2011 University College London (UCL) Master of Engineering**

Modules included:

- Power Transmission and Auxiliary Machinery Systems
- Materials and Fatigue/Fracture Analysis
- Electrical power systems
- Advanced Computer Applications in Engineering
- Vibrations Acoustics & Control
- Project Management

**Successfully completed** all required modules and projects. Assessment was via a combination of examinations, coursework, group projects and oral presentations.

#### **2007 – 2010 University of Manchester Bachelor of Engineering (2:1)**

Modules included:

- Fluid Mechanics
- Computing, Modelling & Simulation
- Power Plants
- Engineering Systems
- Engineering Thermodynamics
- Design

**Successfully completed** all required modules and projects. Produced a final year project examining different forms of sustainable energy.

#### **Any School, Ndola A-Level 2006 – 2008**

- Maths A
- Physics A
- Chemistry B

#### **GCSEs 2006**

9 GCSEs passes grades A – B, including As in Maths, Chemistry, Physics and Technology.

## **Work Experience**

### **Sept. 2009 – August 2010, University of Manchester Student Warden**

Responsible for assisting with the welfare of fellow students within my university hall of residence.. Specific responsibilities included:

- Assisting new students to settle and adjust to university
- Encouraging participation in extra-curricular activities
- Assessing and reporting situations whereby the welfare of students may be compromised
- Acting as a first point of contact for students with the hall of residence

### **Summer 2008 & 2009, University of Manchester Student Ambassador**

During the summer vacation in 2008 and 2009 I acted as a student ambassador at the University of Manchester. This role involved meeting and greeting prospective students both from the UK and abroad. I was also required to deliver presentations and answer questions regarding my own study experiences.

## **Additional Skills**

- **IT & Computing.** Experienced user of advanced engineering computer applications. Advanced user of Microsoft Word, Excel and PowerPoint.
- **Languages.** Fluent in English.
- **Driving.** Full clean driving licence.

## **Extra-Curricular Activities**

### **Volunteering**

Elected as a student representative whilst studying at Manchester University. This role allowed me to attend meetings with senior university officials and to raise student issues aimed at improving the university. I enjoyed learning about the high-level issues affecting the universities and contributing to the continuous improvement of the organisation.

### **Student Alumni**

I am an active member of both the University of Manchester and University College London engineering alumni. As well as enjoying socialising with classmates and alumni I also enjoy finding out about the engineering projects that the alumni are working on.
